Alapítvány - HUNGARY

 Jövőkerék

Co-funded by the
Erasmus+ Programme
of the European Union

Jövőkerék was established in 2005 in order to help strengthen the European values in Hungary after the EU accession. The main objectives of Jövőkerék are to decrease cultural and economic polarization in society, to support unprivileged groups, to increase consciousness of sustainability and to ameliorate the co- operation of organizations of the non-profit sector. Our main fields of activities are

- supporting unprivileged groups, especially migrants and Roma people and
- environmental issues.

To achieve its goals Jövőkerék has been applying for EU, Norwegian and Hungarian Funds and tried to get private sponsors to finance its projects. In the last years the following projects were supported by various Funds.
